DURABLE POWER OF ATTORNEY FOR HEALTH CARE of WASHINGTON STATE

Notice to Person Executing This Document

This is an important legal document. Before executing this document you should know these facts:

- This document gives the person you designate as your Health Care Agent the power to make MOST health care decisions for you if you lose the capability to make informed health care decisions for yourself. This power is effective only when you lose the capacity to make informed health care decisions for yourself. As long as you have the capacity to make informed health care decisions for yourself, you retain the right to make all medical and other health care decisions.
- You may include specific limitations in this document on the authority of the Health Care Agent to make health care decisions for you.
- Subject to any specific limitations you include in this document, if you do lose the capacity to make an informed decision on a health care matter, the Health Care Agent *GENERALLY* will be authorized by this document to make health care decisions for you to the same extent as you could make those decisions yourself, if you had the capacity to do so. The authority of the Health Care Agent to make health care decisions for you *GENERALLY* will include the authority to give informed consent, to refuse to give informed consent, or to withdraw informed consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. You can limit that right in this document if you choose.
- When exercising his or her authority to make health care decisions for you when deciding on your behalf, the Health Care Agent will have to act consistent with your wishes, or if they are unknown, in your best interest. You may make your wishes known to the Health Care Agent by including them in this document or by making them known in another manner.
- When acting under this document the Health Care Agent *GENERALLY* will have the same rights that you have to receive information about proposed health care, to review health care records, and to consent to the disclosure of health care records.

1. Creation of Durable Power of Attorney for Health Care

I intend to create a power of attorney (Health Care Agent) by appointing the person or persons designated herein to make health care decisions for me to the same extent that I could make such decisions for myself if I was capable of doing so, as recognized by RCW 11.94.010. This designation becomes effective when I cannot make health care decisions for myself as determined by my attending physician or designee, such as if I am unconscious, or if I am otherwise temporarily or permanently incapable of making health care decisions. The Health Care Agent's power shall cease if and when I regain my capacity to make health care decisions.

2. Designation of Health Care Agent and Alternate Agents

If my attending physician or his or her designee determines that I am not capable of giving informed consent to health care, I _____, designate and appoint:

In the event that _____ is unable or unwilling to serve, I grant these powers to

Name _____ Address _____

City_____ State_____ Zip _____ Phone_____

In the event that both _____ and _____

3. General Statement of Authority Granted.

My Health Care Agent is specifically authorized to give informed consent for health care treatment when I am not capable of doing so. This includes but is not limited to consent to initiate, continue, discontinue, or forgo medical care and treatment including artificially supplied nutrition and hydration, following and interpreting my instructions for the provision, withholding, or withdrawing of life-sustaining treatment, which are contained in any Health Care Directive or other form of "living will" I may have executed or elsewhere, and to receive and consent to the release of medical information. When the Health Care Agent does not have any stated desires or instructions from me to follow, he or she shall act in my best interest in making health care decisions.

The above authorization to make health care decisions does not include the following absent a court order:

(1) Therapy or other procedure given for the purpose of inducing convulsion;
(2) Surgery solely for the purpose of psychosurgery;
(3) Commitment to or placement in a treatment facility for the mentally ill, except pursuant to the provisions of Chapter 71.05 RCW;
(4) Sterilization.

I hereby revoke any prior grants of durable power of attorney for health care.

(A) If at any time I should have an incurable and irreversible condition certified to be a terminal condition by my attending physician, and where the application of life-sustaining treatment would serve only to artificially prolong the process of my dying, I direct that such treatment be withheld or withdrawn, and that I be permitted to die naturally. I understand "terminal condition" means an incurable and irreversible condition caused by injury, disease or illness that would, within reasonable medical judgment, cause death within a reasonable period of time in accordance with accepted medical standards.

(B) If I should be in an irreversible coma or persistent vegetative state, or other permanent unconscious condition as certified by two physicians, and from which those physicians believe that I have no reasonable probability of recovery, I direct that life-sustaining treatment be withheld or withdrawn.

(D) In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this directive shall be honored by my family, physicians and other health care providers as the final expression of my fundamental right to refuse medical or surgical treatment, and also honored by any person appointed to make these decisions for me, whether by durable power of attorney or otherwise. I accept the consequences of such refusal.

(E) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.
